Murrayhill Veterinary Hospital Cat Boarding Policy

Your cat's health and comfort are our major concerns while boarding here at Murrayhill Veterinary Hospital. To prevent transmission of disease, the following are required:

1. Current Annual Examination
2. Proof of Current Vaccinations:
 FVRC Feline Leukemia; if at ris Rabie
3. A Negative Fecal Parasite Screen within the past year.
4. A flea free pet. If not, we will apply Frontline flea adulticide or administer Capstar at the doctor's discretion.

We can provide the following services while your pet is boarding. Please check the appropriate boxes.

Grooming appointment with our groomer (prices vary). Nail trim

Food & Medication Information

- We feed Wellness Adult diet unless another diet is provided.

Diet _____ 1X 2X 3X Amt/day _____
